'66'

THE
ND RAGONS

To the Superintendent of Junction City Schools--the helpful and understanding friend of all its students--who has rendered every service possible to uphold the spirit and reputation of Junction City Schools; to one of the most devoted faculty members of our school, we, the Senior Class of 1966 proudly dedicate this edition of "The Golden Dragon" to our own--

Mr. R. L. Bolen

On April 23 of last year our entire school was saddened by the death of Billie Jean Shirley. She had attended Junction City School for twelve years and was active in our school. She became a friend of all those she met and was loved by pupils and teachers alike. The death of our friend has left a vacant spot in the hearts of all those who knew her.

SUE COUCH
Editor

SANDRA PRICE
Co-Editor

We, the graduating class of 1966, hope that as you leaf through the following pages you will share with us some of our fondest memories and past experiences.

Look closely at our past then go with us into the future realizing as we do that "gone are the yesterdays but the sun dawns on a new tomorrow."

Here's a new way of buying gasoline that's more than the cat's meow.

Your engine will purr its very best, while you save money.

Now from one pump Lion Octane-Blended Gasoline comes in five different grades at five different prices. It gives you exactly the grade of gasoline that fits your car best ... and can save up to 3¢ on every gallon you buy.

What, you may ask, is behind this new idea for buying gasoline?

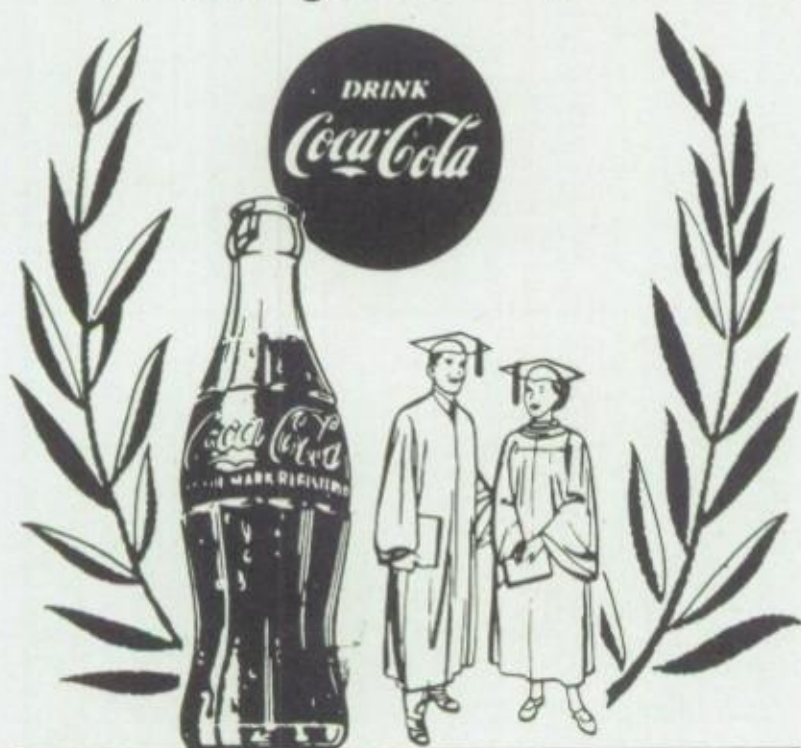

Every resource of the giant Monsanto family ... of which Lion Oil Company is a member. Research laboratories, oil fields here and abroad, huge refineries and chemical plants, plus more than 3500 Lion people.

Look to Lion ... major producer of gasolines, lubricants, asphalts and more than 150 other petroleum products for the individual, for industry and agriculture. Lion Oil Company, Hydrocarbons Division, Monsanto Company, El Dorado, Ark.

Congratulations
